October 2026

MAKARAM (Capricorn)

Uttarashada (2,3,4), Sravana, Dhanishta (1,2)

Career: Delegating tasks to capable assistants will help manage the rising workload. Those in marketing with their sharp networking skills will attract a high powered client their way. For Freelancers, it is a stellar time to team up with a coach or mentor who will help them to elevate their work. At the workplace, ongoing competitive friction or office politics will embroil you in false accusations if not careful. After 17th, Higher-ups will become highly receptive to your ideas. That will be the path for promotions, new responsibilities, and visible recognition. Proceed thoughtfully in partnerships, when it comes to important investment decisions. Around the Full Moon on 25th, your attention to detail will be so high that even your competitors will acknowledge your skill. The extra effort that Artists will put in now will yield very lucrative results in coming weeks. After 26th, be wary, as your blunt words to an authority figure or colleagues will land too harsh, leaving a messy cleanup. Your attention to detail will be so high that even your competitors will acknowledge your skill.

Wealth: This month, follow your hunches, before jumping into new fiscal schemes for quick cash. Scale down any splurges, as expenses will rise. Avoid lending money to anyone new and do not take big risks in trading or the stock market. After 17th, your past investments will yield rich dividends. The arrival of a large sum of cash will help to pay off pending tariffs. Money from passive income streams will keep you afloat in times of financial constraint. After 26th, scan the documents carefully before making bold real estate purchases.

Personal: Find the mid-ground! This month, pick your battles wisely and avoid getting caught up in perfectionism. Stars favours emotional connection, making this a great time for women to clear up lingering, unresolved family issues. After 17th, expect to garner respect and love from loved ones. However, Singles will struggle with the desire for a partner, who boosts their social status versus the one who genuinely fulfills them emotionally. Couples will evade differences escalating into fights by facing the issues with diplomacy instead of drama. The chain of conflicts with your inner circle will leave you feeling unsupportive and disappointed.

Health : Calling for stress-busting lifestyle upgrades! This month, cut back on processed foods and add more fresh produce to your plate, to avoid stomach issues.

Around the New Moon on 10th, overcommitting at work or handling relationship tensions may lead to a restless mind and tense shoulders. After 17th, those suffering from chest, throat, spine, knee or hip issues will be on the road to recovery. After 25th, those traveling to work, expect meetings to be rescheduled or delayed.

Uttarashada (2,3,4): Prepare yourself for an inspiring end to the month, as sudden invitations for travel or higher education open up brand-new horizons.

Sravana: An incredible surge of income and new monetary resources will unlock distinct career and financial expansions.

Dhanishta (1,2): You may find yourself pulling away from casual ties in favour of a solid, spiritually connected partner.

Vedic remedies: Visit a Shiva temple and offer raw milk and Bilva leaves to the Shivalinga. Chant the Panchakshari mantra “Om Namah Shivaya” 108 times dail . Donate Yellow-colored clothing to a needy, on Thursdays.
